Product Description

KELP PRO 401 is a bio-stimulated, hot mixed, homogenized formula. KELP PRO 401 contains no less than 10% of Ascophyllum Nodosom seaweed, known as the best source of seaweed in the world. Ascophyllum Nodosom Seaweed contains Natural Plant Growth Hormones (Auxins, Gibberellins, Cytokinins) all known as growth promoters and stress relievers. KELP PRO 401 will not harm soil microbes and can help increase microbial activity because of it's high organic and bio activity. KELP PRO 401 can help turf in stress conditions respond much better because of the biological activity it produces.

Storage

Store out of reach of children. Keep out of direct sunlight or excessive heat. Keep from freezing. Do not reuse empty containers.

Precautionary Statement

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat and/or skin. Avoid contact with eyes, skin and clothing.

If swallowed, induce vomiting. Never give anything by mouth to an unconscious person. Seek medical attention. If in eyes, wash clean water for 15 minutes. Seek medical attention.

Conditions of Sale

1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warrant, guarantee or direction concerning this product.
2. Because the time, place, rate of application and other conditions of use are beyond Sellers control, Sellers liability from handling, storage and use of the product is limited to replacement of product or refund of purchase price.
