It is recommended not to use this product with fungicides or pesticides. However, if applied with a fungicide or pesticide, it is the users responsibility to conduct a trail application on the crop(s) to be sprayed with this mix of chemicals to determine compatibility of products and compatibility with crop(s) sprayed. When mixing with other spray materials a jar compatibility test is recommended.

Always read label instructions.

### Disclaimer

UNITED AGRICULTURAL SERVICES researches, manufactures, and markets one of the largest lines of high-quality Biological Organic/Natural/Sustainable fertilizers, Foliar Nutrients, and natural biodegradable soil conditioners. These products include plant nutrients, liquid soil modifiers, humic acids, seaweed, fish emulsion, nitrogen-fixing bacteria, beneficial fungi, and many other environmentally safe products.

The Hot-Mixed, Homogenized CROPMASTER PLANT NUTRIENTS are liquid fertilizer NPK products made from high-quality materials. The ingredients are food-grade purity or higher. CROPMASTER products contain no salt filler or muriate of potash. They also contain no chlorine. We also supply Organic NPK/Soil products and micro-nutrients.

Storage: Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 5 C (41 F) and 25 C (77 F).
